CHRISTMAS APPEAL

PUBLICATION OF THE CHURCH ARMY IN AUSTRALIA

EDITORIAL

At this time of the year people's thoughts and plans turn naturally in the direction of preparations for Christmas and holidays. This holds true for Church Army officers too, but, at Federal Office, there are also other matters which occupy a lot of our time and attention. These are the plans and preparations that have to be made for next year's activities and they include the appointment of officers to new positions.

More so than ever before we find ourselves in the position where demand far exceeds supply. Over the last two or three months we have received 17 applications from Bishops and Clergy for Church Army officers to be appointed to various positions, some as youth leaders in parishes. It is tremendously encouraging to have so many new opportunities of service set before us. However, it is unlikely that we shall be able to take up more than four of these openings. This situation obviously has something important to say to us about future recruitment and training. If God is giving increasing opportunities for service, we should believe He is also ready to call sufficient numbers of men and women into the work. Therefore, 1974, our 40th anniversary year, must be a period of special endeavour in recruiting. We ask our supporters to make this a matter of special prayer from now and right through 1974.

We in the Church Army wish to express to you, our prayer partners and supporters, our heartfelt thanks and appreciation for your regular and generous support of our work. At the same time, we wish you the true joys and happiness of Christmas and much blessing in our Lord's service in 1974.

T. GMILL.

VACANCIES!

The Church Army could place many more Evangelists in positions of leader-ship and service, but there are not enough Officers available.

Is God calling you to a ministry of evangelism?

Qualifications — a realisation of God's call, a strong desire to share the Gospel, a good basic education, qualities of leadership and a willingness to give truly dedicated Christian service.

the Rev. Canon W. F. Carter (Clerical Representative in the Brisbane Diocese), the Rev. R. Ogden {Lecturer} and Mrs. N. Underwood, who was formerly Sister Muriel Stanley and who served as an officer for 32 years.

RESIGNATION: The Church Army is privileged to benefit from the ser-

vices of many people who serve in a variety of ways. One such person is Mr. C. K. Pearson who has served for many years as a Board Member. At the last Annual General Meeting Mr. Pearson's resignation was regretfully received. We express our thanks and appreciation to him for his warm interest and involvement in our work over the years.

CALENDARS:

Gelistic ministry by The Church Army in Australia a

calendar has been issued for 1974. It measures 93 inches by 43 inches and each page is an engagement diary as well as a monthly calendar. There is also a recipe on the back of each page. It sells for 50 cents, plus 10 cents for postage and packaging. Proceeds from the sale of these calendars will go directly to support the work of The Church Army. If ALL the calendars are sold our General Funds will benefit by about \$450.

The calendars may be purchased from The Federal Office, The Church Army Bookshop or from Church Army Officers. Please place your order promptly.

totalled \$1,258. These were \$1,242 from the Estate of the late A. L. Glover and \$16 being income from a legacy from the Estate of the Inoughtfulness of those who kindly make provision for our Society in their wills.

Appeals — The response to the Christmas and Birthday Appeals amounted to \$3,856. We are very grateful indeed to all who supported our work by responding to the Appeals and by regular subscriptions.

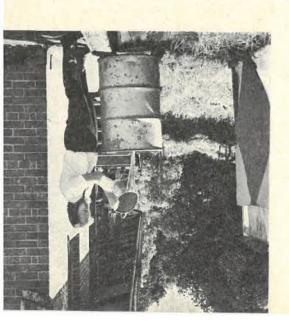

Whilst the financial statements show a deficit on operations, the overall financial position is sound. There is an urgent need to increase income to meet rising costs, as well as for the development of our work. We face the possibility of increased costs in connection with Captain McKnight's work but believe the nature of the work will attract the necessary support.

IN CONCLUSION — This report would be incomplete without an

expression of gratifude to God for His gracious mercies and blessings upon all who serve within our Society. At the same time we acknowledge our indebtedness to all who, under God, contributed in any way to the furtherance and development of advisers; the dioceses and parishes that allocated gifts to our funds and the many parishes that welcomed officers and students for evangelistic or deputation activities; the many individuals who gave our members generous hospitality; also the members of our Executive Board, our Area Repremembers of our Executive Board, our Area Repremembers of our Executive Board, our Area Repremembers and all our Officers, active and retired.

PERSONAL NEEDS

Much of the sadness and tragedy that takes place in our western world is experienced in a factory — death, suicide, accidents, ill health, marital problems. Sadness and sorrow seem to be part of the daily scene. People must go on earning and so they bring their sorrows and dissatisfaction to work. I endeavour to guide and advise and in most cases this involves visits to homes, hospitals, and prisons.

I have heard Christian people say of industry, "it is soul-less." This is not true. The management is very human and their interest in their employees is obvious to me. I am welcomed by all and treated as a friend.

I stated earlier that industrial chaplaincy is not easy. The very confidential nature of my work means that results are not known to many. My satisfaction in giving help to many is my reward.

Within the organisation of industry (and a factory is non-denominational) amidst the fairness or unfairness, industry my opportunities to work as I believe my Lord requires.

Captain Quayle has been an Industrial Evangelist since 1964, but it was only in April this year that he was freed from other tasks thus enabling him to give his full time to this vital ministry in industry.

Industrial evangelism involves the tremendous task of relating Faith and its practise to the life of people, many of whom profess no allegiance or need of Jesus Christ and His Church.

This is not an easy task but I believe that in being called for this work I am playing my part in serving the personal needs of employers, executives, employees and through them, their families. My work involves those nearing retirement, the new settlers trying to adjust as well as the youthful settlers.

A COMPLEX SOCIETY

Industrial society is a complex and delicately adjusted machine. All of us have experienced inconveniences because of recent industrial troubles. The factories where I "do the rounds" have thankfully been free of strike action. I am able to attend industrial Relations meetings where I listen and learn and contribute when necessary. Praise God, the Industrial Chaplain does not interfere in industrial disputes, yet, outside of disputes I am able to minister to those involved in conflict and struggle.

THE CHANGING SCENE

The pace of change in industry is extraordinary. Management and unions each in their respective spheres are struggling to adapt to the demands of
